Summary

Recent Information Technology graduate with a strong foundation in programming languages including Java and Javascript. Proficient in full stack web development using the MERN stack (MongoDB, Express.js, React.js, Node.js). Skilled in building dynamic, user-friendly web applications and experienced in both frontend and backend development. Passionate about problem-solving and eager to contribute to innovative software projects in a collaborative environment.

EDUCATION

Nutan Maharashtra Institute of Engineering and Technology, Pune	**2020 – 2024**
B.E – Information Technology	*8.68 CGPA*
S.B. Pawar Junior College, Vita	**2020**
H.S.C – Science	*69.69 %*
Maharashtra State Board	**2018**
S.S.C	*85.80 %*

COURSEWORK / SKILLS

- HTML
- CSS
- JavaScript
- React.Js
- Node.Js
- Express.Js
- MongoDB
- REST API
- Git
- Team Collaboration
- Problem-solving
- Good Communication

PROJECTS

Hospital Management System ☑ / ReactJS, NodeJS, ExpressJS, MongoDB   2025

- A MERN stack hospital management system streamline and simplify the process of scheduling, managing, and tracking patient appointments within a healthcare facility.
- Implemented JWT for authentication, improving security and user management efficiency.
- Built using the MERN stack (MongoDB, Express.js, React, Node.js), this system provides a user-friendly interface for patients, doctors, and administrators, ensuring efficient healthcare management.

Job Finder App ☑ | ReactJS, NodeJS , ExpressJS , MongoDB, TailwindCSS , Rest API's   2025

- Developed a full-stack job portal using the MERN stack, enabling users to search and filter job listings by keyword and required skills.
- Implemented secure user authentication and role-based authorization using JWT and middleware in Express.js.
- Enabled authenticated users to post, edit, and manage job listings through a protected dashboard.
- Integrated skill-based filtering and search functionality to enhance job discovery.
- Designed and built a responsive UI with React.js for seamless user experience across all devices.

Note Taking App ☑ / HTML, CSS, JavaScript, ReactJs   2023-24

- A simple and efficient note-taking app that allows users to create groups for organizing notes, add content to those groups, and manage them effectively.
- Used local Storage to store all groups and notes, ensuring persistence across page reloads.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript
Technologies/Frameworks: HTML5, CSS3, ExpressJS, ReactJS, NodeJS, Tailwind, Git
Developer Tools: VS Code, Eclipse, GitHub, Postman, MongoDB Compass, MongoDB Atlas
Database Technologies: MySQL, MongoDB

WORK EXPERIENCE

CUVETTE TECH.   *Certificate* ☑   *Aug 2024-March 2025*

Mern Stack development intern

- Developed and optimized full-stack web applications using MongoDB, Express.js, React, and Node.js.
- Designed and implemented RESTful APIs to enhance application functionality and data retrieval.
- Learned API development best practices and tested APIs using Postman for debugging and validation.
- Integrated authentication and authorization using JWT and OAuth for secure user access.
- Improved application performance by optimizing database queries and implementing caching strategies.
- Learned about deployment strategies and deployed applications on cloud platforms like Render and Vercel.

PHN TECHNOLOGY PVT LTD.   *Certificate* ☑   *Apr 2023-June 2023*

Web development intern

- Gained hands-on experience with modern web technologies such as HTML ,CSS , JavaScript etc
- Created a Responsive websites, including E-commerce website, Travel booking website, Hospital website, Portfolio etc
- Attended Live sessions conducted by experienced developers.

EXTRACURRICULAR

- Led Placement Cell (07/2023 – 05/2024): Demonstrated leadership and teamwork in coordinating recruitment events.
- International Conference Attendee(05/2024): Participated in 4th International Conference on Advanced Engineering, Technology, and Business Management (ICETBM-2024).
